Wells Gray Tours is proud to introduce the brand new
GALS Travel Network: getaway • adventure • learn • sisterhood

It may not surprise you that women travelers are amongst the fastest growing client segment in the travel industry. In fact, 70% of all travel decisions are made by women. What may surprise you is that it is women only trips that are growing at the fastest rate.

Wells Gray Tours decided to embrace this trend and has begun to plan women only travel excursions geared to the travel preferences of women.

Many women find themselves without a travel partner for various reasons: divorced, widowed, single or simply preferring to travel without their man. Whatever the reason, they want to get out there and experience life.

Whether ladies journey single or with girlfriends, the **GALS Travel Network** provides carefree group travel specially designed for women looking for a way to do so that is safe, convenient, flexible and at a good value.
